## **EDUCATION BACKGROUND**

I joined Makerere University in August 2016 up to 2020 pursuing a Bachelor's Degree in Software Engineering. I will graduate in January 2021(This is the reason why my transcript is not attached)

I studied both my O'level and A' level at Budini Senior Secondary School for six years.

## **EXPERIENCE**

I carried out my internship at WIMEA-ICT Makerere University from June to July 2019. I majorly worked in the programming environment where I acquired practical skills and hands-on experience with design and development of software.

I have been working with the WIMEA-ICT project since 2019. While at WIMEA, I have worked on different projects some of which include Weather Data Repository and Assembling the Automatic Weather Stations. With the experience gained at WIMEA, I have further worked on other systems outside WIMEA.

I can write various documents from Requirements Specifications, Software Requirements Specifications, Software Design Document and any other documents and I can update them as required.
